

Thank you for your commitment to  
**ALWAYS**  
providing exceptional care

*Tracy Angell*

It's going to be hard to say all that Tracy did to care for my in-laws in the 3 years they lived in Assisted Living. It isn't just a job for Tracy, it is a gift she has. She was always willing to go the "extra-mile" to do whatever she could do to make their lives good. Whether it was making sure Dad got to S&L or making sure Mom got to do crafts. She was working to make their lives enjoyable if she could.

The love and care she gave them made life good there for them. It was their new home; they loved it and it was a joy for me to know that Tracy was taking care of them.

When my parents transitioned to Long Term Care, she would even come visit them. I would just like to say thank you from a very thankful Daughter!

**Congratulations Tracy, on becoming a  
Humboldt County Memorial Hospital  
Healthcare Hero!**
